To whom it may concern;

This letter is in reference to the property located at 3906 Route 44, tax grid number 6865-00-838613.

On 3/13/2010, a phone complaint was received by the Building Department regarding the illegal use of this residential property as a landscaping, property maintenance, land clearing and tree removal business. This violation, assigned case number 615121, was voluntarily resolved by the property owner on 5/31/2022, when a site visit was conducted to confirm that the business had been moved from the property.

Multiple follow up inspections have been conducted to verify that the business activities associated with the original violation are no longer being conducted at this location, and the situation will continue to be monitored on a regular basis.

At this time, the longstanding violation has been removed, and no other violations have been issued against this property.

Sincerely;

Building Inspector and Zoning Administrator
