Re: Milkov - Planning Board Application for Special Permit (55 Daheim Road)

Cc: AKRF Consultants  
Millbrook Architects  
Allan Rappleyea (Applicant Representative)

We are writing to respond to some of the comments made in the AKRF memorandum to the Town of Washington dated March 29, 2024 regarding our application to the Planning Board for a Special Permit.

**Comment 2:**

We confirmed that there are no farm operations within 500 feet of the project site.

**Comment 3:**

We consulted a landscape professional and, if the tree cannot remain where it is during construction, we will move it to another location on our property (the tree/flower bed to the right of our driveway).

**Comment 11:**

We have verified that our property is located more than 500 feet from the County Road (Mabbettsville Road). Please see the attached screen shots that show the property is approximately 610 feet from that road.

If you have any further questions please contact us at the phone number or email listed above.

Respectfully submitted,

Kristy Milkov
